# ACADEMIC LEVELS

## KINDERGARTEN

This level is where all the molding and nurturing begins. At the age of two, children join the pre nursery class and continue through the Early years in nursery and pre-school classes and then transition to Year 1.

## PREPARATORY

Steadfast Academy preparatory school caters for learners of age 6-11 years old. Where children join key stage 1 which is year 1 and 2 then proceed to key stage 2, which is year 3,4,5 and 6.

## LOWER SECONDARY

In September 2019, we opened up our lower Secondary level where the students get their Cambridge qualifications. This level is typically for learners aged 11-14 years. At grade 9, learners sit for Cambridge Lower Secondary Checkpoint that marks the end of the lower secondary section.

## UPPER SECONDARY

We are thrilled to introduce Year 10, starting this September 2024. Our commitment to excellence continues as we advance with the students we have nurtured from lower secondary. Year 10 marks an exciting new chapter, offering a tailored curriculum that bridges the gap between lower secondary and our new upper secondary program.

## FACILITIES TO ENSURE FUN LEARNING

- Turfed football pitch
- Multipurpose basketball court
- Large outdoor playground area
- Well equipped library
- Science lab
- Design and technology lab
- Shaded lunch areas
- Fully-equipped recreation room

## ABOUT OUR SCHOOL

Steadfast Academy is an Islamic international school that offers both Islamic and Cambridge curriculum. We strive in making a difference in our community by nurturing long life learning in a safe and caring environment.

The British and Islamic education equips our students with spiritual growth, intellectual curiosity and self discovery. It is our responsibility to empower children with God consciousness, creativity and decision making skills necessary for them to become academically, socially, physically and emotionally successful.
